Comment on the Department of Energy's Recommendation of the Yucca Mountain Site 550784

∇			
<u>/ V</u>	My comm	nents on the Yucca Mountain Project are as follows:	RECEIVED
2	Decision docu	ments are incomplete without a full analysis of transportation impacts.	SEP 1 0 2001
3	All spent fuel	disposal alternatives should be thoroughly studied prior to a site recomm	nendation decision.
71.	A "flexible" s decision.	et of evolving design scenarios with variable operational modes is insuff	icient for a suitability
Ţ.	The design she environment.	ould contain waste within the repository as long as it remains hazardous	to people and the
7	A site recomn Environmental	endation should not be made until the comments made by the public on Impact Statement have been adequately addressed and released for pub	the Draft lic review.
